LEVIS STORE

Smooth, Realistic Moving Mannequins

- Cycling Moving Mannequins are a powerful marketing tool for any store
- The Cybercycle movement is smooth, lifelike and entertaining
- The peddles, legs and wheels all move together to create a life-like display
- The base mechanism can be adjusted to hold and display virtually any mountain bike
- The base mechanism drives the peddles which in turn drives the legs of the mannequin
- The versatility to be operated simply by plugging into a 230 or 110 volt electrical supply
- The capability to be shipped complete, with no need for intricate assembly
