GRIPLOCK® SYSTEMS

ART WALL TRACK

Redesigned to hold more weight per suspension point (up to 150 lbs. from the original 50 lbs.), the new Art Wall Track is the same height and only slightly thicker than the original. The original PVC cover has been replaced with a more recyclable material, making it easier to install and better for the environment! ** Please note the updated Art Wall Track is not compatible with the old version of track cover.
Display your pictures or artwork in your home or office with this sturdy and elegant museum-quality art hanging system. The Art Wall Track makes it easy to hang, adjust the height and move from side to side all your pictures or fine art, without punching a bunch of holes in your wall.
