

## MAKE IT LONDON LTD

### VM DISPLAY TRADE SHOW

Make It have been successfully taking part at the VM Display trade show for four years running. This show in particular we designed and fabricated a swarm of pencil wasps, giving example to how we can develop client briefs into sharp story telling displays, that create a buzz! We specialise in intricate hand made props, paper and poly sculptures, 3d printing, cad design for cnc sculpture, model making, scenic window illustrations and more. See more information at [www.make-it.london](http://www.make-it.london)
