BASKETS

At Wanzl you don't just get one basket – you get several baskets at once. But this has nothing to do with the proverbial rejection. Quite to the contrary: within different product lines, Wanzl offers its customers many innovative products from sturdy waste baskets to roller baskets right through to shopping baskets, which make everyday life easier. For example, the practical storage baskets in various sizes enable a complete warehouse to be set up or dismantled in no time.
